

AMENDMENTS TO THE CLAIMS

Amendments to the claims are reflected in the following listing, which replaces any and all prior versions and listings of claims in the present application.

1. (Currently Amended) A vapor-dispensing device comprising:

a first volatilizable material

a second volatilizable material separately contained from said first volatilizable material; and

a common delivery system comprising a transfer mechanism and an evaporation region, said transfer mechanism comprising a first wick structure in liquid communication with said first volatilizable material and a second wick structure in liquid communication with said second volatilizable material, said evaporation region comprising a pad in liquid communication with said first wick structure and said second wick structure, wherein said evaporation region is configured to facilitate evaporation of said first volatilizable material and said second volatilizable material into an environment; and

a controller configured to modulate the amounts of said first and second volatilizable materials available to said first wick structure and said second wick structure.

2. (Original) The vapor-dispensing device of claim 1, wherein said first volatilizable material includes a first fragrance and said second volatilizable material includes a second fragrance.

3. (Original) The vapor dispensing device of claim 1, wherein said first and second volatilizable materials are physically attached to said delivery system.

4. (Canceled)

5. (Original) The vapor-dispensing device of claim 4, wherein said transfer mechanism is physically attached to said delivery system.

6. (Canceled)
